

## WAHM Boot Camp List Sky Ranch, Lake City, CO

You are receiving this message because you have registered to attend an upcoming Warrior at Heart Boot Camp. Our focus for the weekend is on you. In fact, we've already started praying for you to receive God's absolute best.

**Where:** Sky Ranch at Ute Trail at mile marker 83 on Hwy 149 10 miles outside of Lake City, CO

**Date & Time:** Starts Thursday, April 7 at 6pm. Ends Sunday, April 10, 2022 at 1pm.

**Check-in:** Starts at 4pm (Sky Ranch asks campers not to arrive before 4pm)

**Meals:** All meals are provided starting with dinner at 6pm, Thursday, and ending with lunch at 12 noon on Sunday. If you have special dietary needs go to the following link: <https://skyranch.org/pages/special-dietary-needs-form>

**Lodging:** The facility is made up of newly built and/or remodeled cabins and rooms that surround a beautiful lodge/dining hall. The staff of Sky Ranch is warm and genuine, while providing superior service.

**Bedding & Towels:** Sky Ranch provides these things, plus pillows. Bring necessities, such as soap and shampoo.

**Activities:** *Skeet Shooting* is included in the cost and is facilitated by Sky Ranch. *Tomahawk Throw* is available at no charge. Sky Ranch provides the axes. You also may choose to hike, fish, or jeep. Bring your own necessary gear and fishing license if you choose to fish. Repelling will not be offered at this time. This is due to a Sky Ranch's temporary cut back on staff members during COVID. All activities are dependent on weather conditions.

**Transportation:** Do not ride alone to camp. This is a weekend that is to be experienced with Brothers, including the ride to and from.

**Bring Bible and journal!**

**Weather and Footwear:** Temperatures are typically great in April ranging in the upper 50s during the day and upper 20s at night. Check the weather report before coming and dress accordingly. Bring a second pair of footwear to wear in the lodge, if requested by Sky Ranch.

**Cell phones and devices:** Cell signal is very spotty. We strongly recommend you entirely unplug over the weekend. Use this time to escape from worldly

responsibilities and spend it one-on-one with God.

**Drink plenty of water:** You'll be at an altitude of close to 9,000 feet. The suggested amount of water to drink is half your body weight in ounces per day to help fend off signs of altitude sickness. Some water will be provided, but it's best to have something for refills.

**Camp chairs:** If you think you'll want to sit and visit around the campfire at night we suggest you bring a camp chair.

**PRAY UP before you show up:** Our team has been praying that each of you will come with open hearts and minds in order to receive the best of what God has in-store for you. God wants to give you His absolute best. **Start praying now** by asking the Father, *"What do you want me to get out of the weekend?"*

**Special note:** If you registered for someone else we may not have his email address. It's your responsibility that you pass onto them this info and all future emails.

We are looking forward to meeting you and seeing the transformation that awaits you in becoming a better husband, a better father, and a greater man of God.

God Bless,  
Michael Maves
